

# SSH Real Estate Acquires Advantage Building & Facilities Services

*Real estate firm now employs 100 and serves the tristate region*

**Philadelphia, PA** (March 1, 2023) – [SSH Real Estate](#), a full-service commercial real estate company headquartered in Philadelphia, has announced the acquisition of Advantage Building & Facility Services (Advantage), a property and facilities management company. The acquisition brings SSH to 100 employees and expands the geographic region that the company serves to include Western Pennsylvania, New Jersey, Maryland, Delaware and Washington, D.C.

“SSH has utilized Advantage’s maintenance services for several of our suburban property management assignments, and we have been extremely impressed with the quality of service provided,” said Pete Soens, Founding Partner of SSH. “The acquisition of Advantage not only expands our property management platform but has enabled us to create a new maintenance service division to offer tailored specific maintenance services based on the diverse needs of our clients.”

The Advantage brand will become SSH with facility maintenance services branded as SSH Advantage Maintenance Services.

Founded in 1952, SSH Real Estate is one of the region’s largest privately held commercial real estate companies with services including brokerage, property management and investments. Advantage was founded in 2005 and provides full building property management and maintenance services to commercial office buildings, flex buildings, retail locations, office and industrial parks and commercial condominium associations.

“SSH has been a client of ours for many years. This transaction was a seamless transition and made sense from a corporate culture perspective,” said Trish Faidiga, Founder of Advantage Building & Facility Services. “Both SSH and Advantage are employee-centric and understand that employee success is company success.”

All Advantage employees have been retained by SSH.

SSH continues to explore additional acquisition opportunities to further extend their capabilities and lines of service to clients.

## **ABOUT SSH REAL ESTATE**
